2017 Florida ASES Solar Tour Sites Regional List of sites for 2017

Date: October 21 with SUN FL

Site 1 - October 21 from 12 am to 3 pm
Wirtz Residence – Norman - (617) 901-4268
424 Gulf St. Venice, FL, 34285
Solar Features: 11 kilowatts PV grid-tied system on roof, 42 modules, solar hot water

Site 2 - October 21 from 10 am to 3 pm
Reba Residence – Maria - (941) 441 - 5714
975 Chickadee Drive, Venice, FL 34285, gated community call
Solar Features: 18.9 kilowatt PV grid-tied string inverter system on roof, 69 modules

Site 3 - October 21 from 10 am to 3 pm
Duink Residence – Scott - (941) 685-3533
1218 Sea Plume Way, Siesta Key, Sarasota, FL, 34242
Solar Features: 6 kilowatt PV grid-tied system on roof, swimming pool heater, rain water catch

Site 4 - October 21 from 10 am to 3 pm
Templeton Residence – Beverly - (941) 320 - 4364
4860 Ashton Road, Sarasota, FL, 34240
Solar Features: 6 kilowatt PV grid-tied system on roof, solar hot water, EV

Site 5 - October 21 from 10 am to 3 pm
Farr Residence – Paige - (941) 400 - 9583
15910 Rawls Road, Sarasota, FL, 34240
Solar features: 11 and 8 kilowatt PV grid-tied system on house 36 modules and barn 26 modules, on roof

Site 6 - October 21 from 12 pm to 3 pm
Murray Residence – Elisabeth - (305) 778 - 8261
6528 SW 27th Street, Miami, FL, 33155
Solar features: 6.6 kilowatt PV grid-tied micro-inverter system on roof

Site 7 - October 21 from 12 am to 3 pm
Gelb Residence – Allan - (407) 207 - 8711
2617 Wembleycross Way, Orlando, FL, 32828, gated community call
Solar Features: 11.7 kW PV grid-tied system on roof, 45 modules, 2 - String-inverters, EV, swimming pool

Site 8 - October 21 from 10 am to 3 pm
Jenkins Residence - David - (407) 529 - 7888
3082 Heartleaf PL. Winter Park, FL, gated community
Solar Features: 7 kW PV system with 21 panels on roof, string inverter,

NOTE: This is their home. The tour participants request that attendees only arrive at their home or business at listed times and dates. Some homes are in gated communities, so check in at office after calling. All industry consultants listed are not necessarily licensed solar contractors. The National Solar Tour allows all vendors within the solar industry to participate. Florida law requires that only a licensed solar contractor or a licensed electrician may install a photovoltaic system. Only a licensed solar contractor or plumber may install a solar hot water system.
