- Be a part of a state, local, and national network of renewable energy advocates

For more information please visit our website at www.cleanenergyflorida.org.

Become a FREA Member

FREA encourages all Floridians who are interested in the development of clean energy to join us. Your support and involvement is important in helping to raise awareness of the potential for clean, renewable energy throughout Florida.

Mission Statement

The Florida Renewable Energy Association is dedicated to expanding the use of clean, renewable energy technologies through public awareness, political advocacy, and individual initiative.

Core Values

We believe all Floridians have an inherent right to a clean, sustainable environment.

We believe that environmental stewardship is the responsibility of every Floridian and it is our duty to leave a legacy of healthy communities and natural resources for our future generations.

We believe innovation of thought and action through access to renewable energy education can create enduring and positive change.

We believe that Floridians can pursue clean, renewable sources of energy without compromising opportunities for sustained economic growth.
